IntelEDI

IHUB

IHUB · THE PLATFORM

One place to see every payment, and every exception.

IHUB is the platform every IntelEDI solution runs on. It brings deposits, remittances, posting and the work in between onto one screen, built around how your team divides the job.

TODAY

The picture is spread across systems.

- **Bank portal**
  Shows deposits
- **Clearinghouse**
  Holds the remittances
- **Billing system**
  Shows what posted
- **Email and spreadsheets**
  Who is working what

WITH IHUB

One screen, built around the work.

STEP 1

Dashboard

What came in, what matched and what is still open.

STEP 2

Work queues

Click any number and you are in the queue behind it.

STEP 3

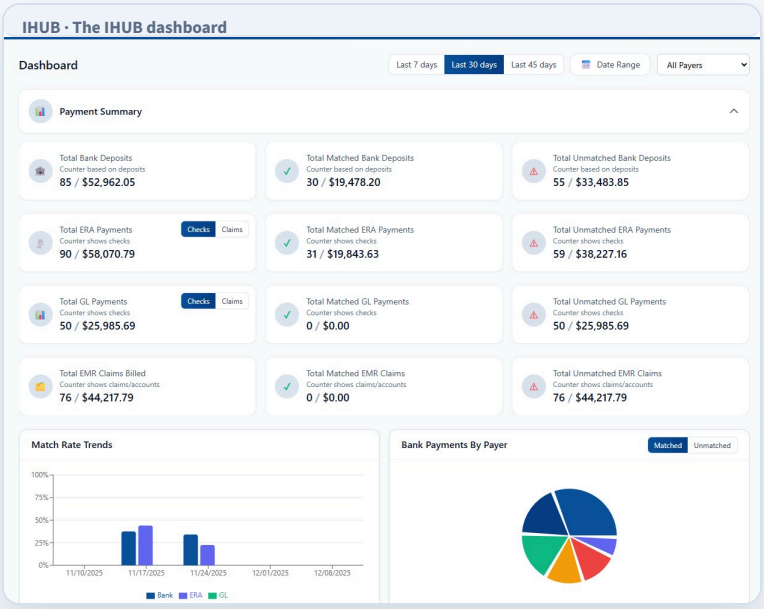

Saved views

Each person keeps the filters that fit their part of the job.

STEP 4

Export

Any list exports to a spreadsheet or PDF.

SEE IT

The IHUB dashboard.

1. **Every tile opens the queue behind it**
2. **Bank, remittance, ledger and billing-system totals side by side**
3. **Match trends and payer mix at a glance**

WHAT YOU GET

- Workflow statuses set up around how your team divides the work
- Every status change requires a note, stamped with a name and a time
- Access set by role, so each person sees what they need
- Houses IREMIT, IERA, IEOB, IVAULT and IDATA. Turn on the ones you need

Fits what you have. Your EHR, bank and clearinghouse stay where they are.

Modular by design

IHUB is one of six IntelEDI solutions. Add others when you are ready: IREMIT · IERA · IEOB · IVAULT · IDATA.

See it run on your own files
